Coordinators	DR JAYESH AGARWAL	
Description	<p>The Seminar on Bio-medical Waste Management, convened on January 17, 2019, at SSVPHMC Homeopathic Medical College and Research Institute, served as a pivotal forum for 17 participants, comprising students, faculty, and healthcare professionals, to delve into the crucial nuances of proper biomedical waste disposal. This one-day event not only underscored the importance of adhering to ethical and environmental standards but also elucidated the regulatory landscape governing biomedical waste management. Expert speakers delivered comprehensive presentations, elucidating best practices and emphasizing the far-reaching implications of responsible waste disposal on environmental health and public safety. The seminar facilitated dynamic discussions and knowledge exchange, allowing participants to share practical insights and experiences related to bio-medical waste management. Through interactive sessions and hands-on demonstrations, attendees gained a practical understanding of segregation, handling, and disposal techniques. The seminar, a testament to SSVPHMC Homeopathic Medical College and Research Institute's commitment to holistic healthcare practices, successfully heightened awareness about the</p>

Description	<p>The two-day Seminar on Classical Methods of Research, conducted on March 13th and 14th, 2019, at SSVPHMC and Research Institute, drew active participation from 17 individuals, including students, faculty, and researchers. This comprehensive event aimed to delve into the foundational principles of classical research methodologies and their application in the field of homeopathic medicine. Distinguished speakers delivered insightful presentations, covering historical perspectives, study designs, and the relevance of traditional methods in contemporary research. The seminar provided an interactive platform for attendees to engage in discussions, fostering a deeper understanding of the intricacies involved in classical research. Practical workshops allowed participants to apply these methods, bridging theoretical knowledge with hands-on experience.
