CLINICAL ESTABLISHMENT ACT TRAINING

The second-year students and interns are being directed towards the practice of Homeopathy and the construction of a Homeopathic clinic. Specifics about the teaching sessions: While the clinical establishment act is not included in the curriculum of forensic medicine as specified by CCH, the department of Forensic Medicine and Toxicology has included this legislation. The department of FMT has included the Clinical Establishment Act 2010 into the curriculum during the last quarter of each academic year for the past four years. The total number of sessions dedicated to this act is: 1. There are two sessions for second-year BHMS students, each lasting 1 ½ hours. These sessions provide an introduction to the topic, the objectives, the entities responsible for implementing the Clinical Establishment Act, and the specific details of the minimum criteria outlined in the act. There will be one session for interns during the orientation program, which will include a comprehensive review of the whole legislation. Session 1 objectives:

- 1) Students should be aware of the significance of the Clinical Establishment Act. 2) Students should possess knowledge on the purpose and goals of the act. The students complete Session 1 by summarizing the content and assigning an activity.
- 2) Session 2 aims: 1) Students should possess knowledge of the minimal requirements of facilities and services required for the enhancement of public health. The second session concludes with a summary and assignment of the act.

Self Study Report of SSVPHOMOEOPATHIC MEDICAL COLLEGE AND RESEARCH INSTITUTE This legislation is changed once again during the Interns Orientation Program. Opening: The Clinical Establishments Act was enacted by the Parliament of India on August 17, 2010. Goals

1. A legislation to create a system for the registration and oversight of medical facilities in the nation.
2. To establish guidelines for the minimal requirements of facilities and services that they are allowed to provide.
3. Intended enhancement of public health.
4. To create a computerized database of Clinical Establishments at the National, State, and District levels.
5. To combat the practice of quackery by untrained practitioners by the implementation of an obligatory registration system. Applicable to the states of Arunachal Pradesh, Himachal Pradesh, Mizoram, Sikkim, as well as the Union territories. 2. Highly likely to be universally embraced by all nations. Who is included? A clinical facility that is owned, administered, or managed by the government or a government agency. 2. A fiduciary arrangement, regardless of whether it is established by a governmental entity or an individual. 3. A business entity (including society) that has been officially registered. Subject to legislation enacted by a central, provincial, or state authority, regardless of ownership by the Government. 4. A municipal government and 5. One physician

Introduction

- The Clinical Establishments Act was passed by Parliament of India on 17th August 2010
- The Ministry of Health and Family Welfare has notified the National Council for Clinical Establishments and the Clinical Establishments (Central Government) Rules, 2012 under this Act vide Gazette notifications dated 19th March, 2012 and 23rd May, 2012 respectively.
- NSSO estimates, as much as 40% of the private care is likely being provided by informal unqualified providers.

Objectives of the Act

- ❖ To prevent **quackery** by unqualified practitioners by introducing registration system, which is mandatory.
- ❖ To establish **digital registry** of Clinical Establishments at National, State and District level.
- ❖ To improve quality of health care through standardization of healthcare facilities by prescribing **minimum standards of facilities and services** for all categories of health care establishments.

Clinical Establishment.

- A clinical establishment owned, controlled or managed by a Government or
 - a) department of the Government;
 - b) a trust, whether public or private;
 - c) a corporation (including a society) registered under a Central, Provincial or State Act, whether or not owned by the Government;
 - d) a local authority; and
 - e) a single doctor
 (Exception: establishments of the Armed Forces)
